Subject: DRBC 2018 progress report for 106 grant
Attachments: DRAFT 2018 DRBC 106 Grank Progress Final Report 02282019 All.docx; BoxPlot_Trenton.png; CumulativeRainfall.png

Hi Kelly,

Attached please find the DRBC 2018 Final Progress Report for our 106 Grant.

In a few places, you'll see high flows cited. I've also attached some plots to document how extreme the 2018 flows were. The only year with a higher median flow was 2011, when we have Hurricane Irene and Tropical Storm Lee.

Please let me know if you have any questions or comments or need anything else from us.

Thanks,
John Yagecic
